

Propane Purchase Agreements

Quality Propane Inc. is pleased to announce two money saving purchase programs for the 2010–2011 heating season. Complete on of the following forms and return with your payment to Quality Propane Inc.

Level Pay Purchase Agreements

Pre-Buy Program

Quality Propane Inc. will once again be offering our Pre-Buy Program. For those that are not familiar with the Pre-Buy Program, you can pre-buy your propane for the 2010–2011 heating season. The price per gallon on Customer Owned tanks and leased tanks will be \$x.xx. With Quality Propane Inc., if our current price per gallon drops below the contracted price (on date of delivery) you will be honored the lower of the two prices. The Pre-Buy Program is designed to protect you against rising price and ensures you will have fixed heating costs for the winter. You are only locked into the number of gallons that you have contracted. You must purchase a minimum of 250 gallons and be on a scheduled delivery. This contract is valid from October 1, 2010 until April 30, 2011, or until you have exhausted the gallons you contracted, whichever comes first. If you use your contracted gallons before the April 30 deadline, you will be billed at the current rate. After your contracted gallons have been exhausted you will be billed at the current rate. If you do not use all of your pre-buy gallons, a credit will remain on your account and will be applied to the next year's heating season or summer fill. **Sign up form and full payment must be received by July 1, 2010.**

* The prices of the Late Programs will not be determined until early August. Remember that if you take advantage of the Early Program and the price of the Late Program is less, you will automatically get the lower of the two. If you do not lock in to an Early Program and the price goes up you will not be eligible for the lower rate.

Level Pay Program

Our Level Pay Program lets you make even monthly payments with a "fixed rate" so you never have to worry about large bills during the Holiday Season. For your convenience you don't even have to write a check or pay postage. Quality Propane Inc. will Debit Pay from your checking or savings account each month on the 10th day. The Level Pay contract starts October 1, 2010 and ends April 30, 2011. Payments will be made over an eleven month period starting July 10th. The price will be \$x.xx per gallon for customer owned tanks and leased tanks and your price is automatically locked in by just starting your monthly payment schedule. Your monthly payment is based on an average usage between the months of July and June. The Level Pay Program was designed for those who want to protect themselves from the volatile winter prices without coming up with a lump sum for the Pre-Buy Program. To sign up for the Level Pay Program you need to contact us ASAP so we can get all the necessary paperwork done by **July 1, 2010. If you participated in this program last year and still wish to remain on this program, you still need to contact us to recalculate your new monthly draft.**

* The prices of the Late Programs will not be determined until early August. Remember that if you take advantage of the Early Program and the price of the Late Program is less, you will automatically get the lower of the two. If you do not lock in to an Early Program and the price goes up you will not be eligible for the lower rate.

PROPANE PRE-BUY PROGRAM

The Pre-Buy Program is an excellent value for the customer. This program will lock in your heating cost for the 2010-2011 heating season. The benefits include:

- Fixed heating cost for the winter
- Remaining Pre-Buy dollars may apply to next years Pre-Buy Contract
- Eliminates unexpected heating bills
- Protects against rising prices
- With Quality Propane Inc., if our current price per gallon drops below the contracted price (on date of delivery) you will be honored the lower of the two prices.

LEVEL PAY PROGRAM

The Level Pay Program is another excellent value for the customer. This program will give you a "Fixed Price" for the 2010-2011 heating season. The benefits include:

- Even monthly payments to help customers budget better
- No more paying postage or writing checks
- Price protection during the volatile heating season
- With Quality Propane Inc., if our current price per gallon drops below the contracted price (on date of delivery) you will be honored the lower of the two prices.

PLEASE READ CAREFULLY!!

Dear Customers and Friends,

It is hard to believe that it is that time of year again, to start thinking about next year's heating season. Quality Propane Inc. will offer an Early Pre-Buy and Level Pay Program and in August we will be offering a Late Pre-Buy and Level Pay Program. **With Quality Propane Inc., if our current price per gallon drops below the contracted price (on date of delivery) you will be honored the lower of the two prices. Remember that these contract prices are good for the same period: October 1, 2010 – April 30, 2010.**

Note: The prices of the Later Programs will not be determined until early August. Remember that if you take advantage of the Early Programs and the price of the Later Programs has decreased you will automatically go to the lower of the two. If you do not sign up for one of the Early Programs and the price goes up, you will not be eligible for the lower rate.

Customers that have a remaining credit will be credited against this year's summer fill or it will go towards this year's Pre-Buy or Level Pay Program. If you are interested in one of the Early Programs please fill out the enclosed form and send back with your payment to 14950 81st Ave, Chippewa Falls, WI 54729 by **July 1, 2010**. For customers that are on a scheduled delivery your tanks will be filled within the next couple of months. If you are not a scheduled delivery customer you may want to order your summer fill and take advantage of our **low summer prices!**

I would like to take the time to thank you for doing business with Quality Propane Inc. during the past heating season. Please take a minute to read the safety information that is enclosed. Please make sure to notify us of any changes that have been made to your propane system so we can update our records or if you have any questions or concerns.

Quality Propane Inc. has also expanded into the refined fuels business, Quality Fuels Inc. We offer competitive prices on Diesel, Gasoline, Fuel Oil, Methanol, and Race Gas (Mach 110). Quality Fuels Inc. offers on-site delivery of ON/Off Road Diesel and gasoline to your farm, business, or construction site. Stop in at our main Chippewa Falls location and check out our excellent prices we offer at our 24-7 fueling station.

Please feel free to stop into our Chippewa Falls location or contact us at 715-723-9490 or 1-877-723-9490 if you have any questions about your account or the different contract options. Check out our new website, www.qualitypropaneandfuels.com.

Sincerely,

Bryan Nayes
